

Annapolis Technology Park

Annapolis, MD

All About Annapolis Technology Park

Annapolis Technology Park is a project of St. John Properties, Inc., a full-service real estate company headquartered in Baltimore, MD and founded in 1971. The 29-acre mixed-use community is located at the intersection of Riva Road and Harry S Truman Parkway, just immediately south of MD Route 50. Other St. John Properties' projects located within close proximity of the Park include Annapolis Corporate Center and 888 Bestgate Road.

The unified architecture of St. John Properties' six buildings, comprising approximately 130,000 square feet of office, flex and retail space, provides Annapolis Technology Park a campus-like business environment.

Tenant sizes from 1,800 square feet to 40,200 square feet of space offer businesses straight-forward, economical and high-utility space in a covenant-protected, well-maintained atmosphere. The flex/office buildings feature 30 foot wide spaces combined with 16 foot high ceiling heights, offering maximum flexibility. Free, generous parking is available adjacent to the buildings.

St. John Properties features an in-house and fully-staffed property management division to ensure that the building continually operates at peak performance and looks as good "20 years from now, as the day you first moved in."
