About Ashburn Technology Park

Ashburn Technology Park is a project of St. John Properties, Inc., a full-service real estate company founded in 1971. The 43-acre business community is located off Waxpool Road (Virginia Route 625) and Red Rum Drive near the Dulles Greenway near Washington Dulles International Airport.

The unified architecture of St. John Properties' eight buildings, comprising 444,960 square feet of R&D/ Flex/Office space, provides Ashburn Technology Park a campus-like business environment. Tenant sizes from 2,520 to 63,120 square feet of space offer businesses straight-forward, economical and high-utility space in a covenant-protected, well-maintained atmosphere. Thirty foot wide spaces combined with 16-18 foot ceiling heights offer maximum flexibility. Free, generous parking is available adjacent to the building, and the park also features paved walking paths with an exercise circuit.

St. John Properties features an in-house and fully-staffed property management division to ensure that each building continually operates at peak performance.
